## **Directors Notes**

This summer's Middle School SPA theme is "magic." Not only by the most obvious definition of magic (i.e. performing card tricks, pulling rabbits from hats, and cutting a lovely assistant in half) but also in a much broader way of thinking about magic. We sing of magical places (*Somewhere Over the Rainbow*), magical creatures (*Puff the Magic Dragon* and *Mr. Mistoffelees*), and magical events (*Defying Gravity*). We witness the drama of everyday magic from middle school hallway activities and we dance to *Magic Carpet Ride* and the magic of love in *Love Potion #9*.

Most importantly we experience the magic of theatre as we participate in and watch independently prepared bits and pieces of music, drama, and dance come together into one cohesive show. We invite you now to share in some of the magic that we have experienced in the last four weeks. Enjoy!
